Dear Parent,

The law requires all students be adequately immunized against diphtheria, polio, rubeola (measles), rubella (German measles), mumps and varicella in order to attend school.

Pre-school thru 8th grades are required to receive the Hepatitis B vaccine. Pre-schoolers are also required to receive the Hib vaccine & PCV (pneumococcal) vaccine.

The law requires the school to maintain a record of all immunizations of each child enrolled.

The law further states that the parent or guardian must furnish to the school the dates of all immunizations since birth.

Please complete the following information by inserting the **exact date** of each immunization.

CHILD'S NAME _____ BIRTHDATE _____

D.P.T. 1st _____ 2nd _____ 3rd _____ B _____ B _____ B _____ B _____

If your child had the disease, we will need a written verification from the doctor stating this and giving us the date.

This form must be completed and returned to the school office at time of registration.

All shots must be up to date before your child can start school.

If your child has not received any of the above immunizations, please see your physician or nearest Jackson County Public Health Immunization Clinic **before** school starts.

Sincerely,

Principal
